Thank you for this.

One question: excluding the fluorinated compounds, does Chemours have any chemicals going through the PMN process now? If so, can we find out the status by Friday? Thanks.

Ok, will do. Looks like western growers (yes, pesticides) isn't until may 16 (Tuesday) so it's unclear from her message if that is due today or not

Ryan,

Looks like the deadline for briefing materials for Chemours is today at 2pm. Can you send anything you might have by noon?

I'm not sure if western growers is about pesticides, but if it may be, perhaps Avivah can also provide some information.

Thanks.
